

Bill & Traci Rabbit

The Art Legacy Lives On...

Matted Art Prints | Reproductions on Canvas
Coffee Mugs | Coasters | Ceramic Art Tiles

• Native American Made in the USA •

OUR STORY

The works of father and daughter span 50 years of creativity. While always being open to new and different things, their styles of painting influenced each other.

Traci and her family continue to carry on the legacy by producing a full gift line of their art in house. From the conception of the original art all the way down to the finished products you see in this catalog. This makes their gift line a Made in the USA - Native American product. This is something the family takes great pride in. They are all citizens of the Cherokee Nation of Oklahoma.

Traci is blessed to be able to work on her art while sharing time with her family in the studio. Keeping one foot steeped in tradition and the other exploring the possibilities of applying modern technology to her art and business.

"Life has been kind to me. I'm thankful I've had the opportunity to see the things I've seen and do the things I've done, but if I died tomorrow I hope God puts me in charge of painting rainbows."
